****Easement Encroachment.** This permit authorizes the permit holder to construct/install a non-permanent structure (requires no subsurface foundation or structural member), within the boundaries of an existing public utility easement. Whenever this is the case, permittee shall be fully responsible (at permit holder's cost) for the removal and replacement of such non-permanent structure(s), at any time County personnel or County contractor may deem the structure interferes with work on the public utility for which the easement is in place. Any encroachment to the right of way or easements shall ensure that existing drainage patterns are maintained and unimpeded as applicable.
